

# Four-Wheeled Containers

## WHEELED CONTAINERS

An extensive range of wheeled containers suitable for a variety of applications, including the collection of recyclables, general, trade or clinical waste.

Lid-in-lid version for easy access

Slam lid locks available on request

A range of standard and special colours are available

A drop front can be fitted giving easy access to the container contents

Slow falling design that ensures a smooth sliding lid, preventing noise when closing.

Containers with 4 wheels equipped with brake to prevent the containers from moving.

Ideal for different types of waste collection: paper and cardboard, glass, packaging, organic matter, etc.

Tested and certified to EN840

Containers are also tested in accordance with EU noise regulations
