PLASTIC  
CONTAINERS

Practical deskside containers  
suitable for any office

Available in 13, 27 and 39 litre capacities, the deskside container's universally accepted design is used in thousands of offices around the world.

The deskside container is ideal for collecting paper or residual waste at deskside.

Saddle sets for the 27 litre containers are also available and can sit inside or outside of the containers offering a practical solution for source separating waste.

Available in two colours, cobalt blue or grey, the robust containers are moulded from durable LDPE making the bins virtually unbreakable.
