ENVIRONMENTAL

A unique and modern
design ideal for organic
kitchen waste.

Environmental Family For Organic Kitchen Waste

This new design, with the rear handle, is a new way to empty organic waste. Just use your thumb to open the lid – it stays open while you empty the contents.

Designed with a multi-grip, it can be moved or transported using pail style handle, contour lip, rear handle or bottom grip.

A built-in mechanism locks handle in place. Easy to empty in a single-handed motion, with contents never in contact with pail-style handle.

Features & Benefits

- IPL's injection process uses high density polypropylene (PP) that yields precise design and consistent thicknesses
- UV stabilized against long-term effects of the sun
- 100% recyclable
- Unibody design requires no bolts or holes that could potentially leak
- Designed for maximum stability even when the lid is open.
- **Closes securely**
Single-grip open/close
- **Dual-seal lid**
Interlocking double-seal device.
- **Multi-grip**
Can be moved or transported using pail-style handle, contour lip, rear handle or bottom grip
- **Easy waste collection**
Uneven raised base means no remaining residue once emptied.
- **Ample opening**
Opens wide for easy, splash-free waste disposal
- Easy-stop lid
- **Easy to clean**
Smooth finish inside and removable lid for easier washing, by hand or in dishwasher
- **Convenient size**
Easily fits in any space, can be placed in sink under running water
- **Built-in mechanism locks handle in place**
Easy to empty in a single-handed motion, with pail-style handle kept out of your way
Contents never in contact with pail-style handle
- **Ventilation option**
Along the top edge of the container
On the top of the lid
- **Designed and made to last**
Produced from 100% recyclable polypropylene, for resistance and durability; stain-and odour-free

Options

- Wall mounting

Hot-stamping on lid and container

Certifications

When you choose IPL, you work with a recognized industry leader. IPL was the first plastic injection company to achieve ISO 9001 quality certification in North America. The addition of ISO/TS16949 certification further demonstrates IPL's commitment to quality. These quality initiatives demonstrate our capabilities and know-how.
