ENVIRONMENTAL

Our wide range of tough and durable carts will support all your requirements for organic, waste and recycling collection.

Environmental Family

Perfect Use By Function

Features & Benefits

- IPL's injection process uses high density polyethylene (HDPE) that yields precise design and consistent thicknesses
- UV stabilized against long-term effects of the sun
- 100% recyclable
- Unibody design requires no bolts or holes that could potentially leak
- Advanced lid hinge design offers a tight seal that keeps pests and weather out, and trash in
- Multilingual user instructions on lid
- Large imprinting area
- Sequential serial numbers
- Ergonomic design allows for easy handling
- Snap on wheels without tools
- Solid steel axle, yellow zinc-plated against corrosion
- Durable wear strips will protect the bottom of the bin
- Rotating sealed metal catch bar
- Nestable design with catch bar for AMC
- 270 degrees lid opening

The workhorse for all your waste, recycling, and organics collection needs. IPL's manufacturing process uses high density polyethylene (HDPE) that yields precise design and consistent thicknesses

For semi-automated Type B American grips, Type C European grips and Type G fully automated collection

Ideal for Waste, Recycling & Organic collection

Also ideal for Residential, Commercial, Industrial and Institutional environments

Options

Multicolor hot stamping
with company logo

Urban Lid for
95 US Gal / 360L option

Split option for
64 US Gal / 240L &
95 US Gal / 360L option

Gravity lock

MantisWay latch option
for 32 US Gal / 120L

Silent Dual TPE-rubber
and plastic wheels
offered in 10" & 12"

Vented lid

American Grips

European grips

Injection molding labeling
on lid (IML)

- RFID technology and/or
barcode option for quick identification
- Post-consumer resin (PCR)
- Metal Grating for organic option

- 10-year limited warranty
- 20-year life expectancy; designed for the worst weather conditions
- The most durable cart in North America
- Meets all American National Standards Institute (ANSI) requirements for safety and litter system compatibility (ANSI Z245.30 and Z245.60)
- Cart is 100% recyclable, Code #2

Certifications

When you choose IPL, you work with a recognized industry leader. IPL was the first plastic injection company to achieve ISO 9001 quality certification in North America. The addition of ISO/TS16949 certification further demonstrates IPL's commitment to quality. These quality initiatives demonstrate our capabilities and know-how.
