

# OneNest Range

## ONENEST FAMILY OF STACK/ NEST BALE-ARM TRAYS

OneNest trays are widely used for the storage and distribution of a large range of food products.

Reusable OneNest trays provide an economical and environmental alternative to disposable packaging. Trays are manufactured in tough, food-grade material to comply with industry standards and provide many years of continuous service. They are 100% recyclable at the end of their long lives.

### Features

---

Insert area for print or moulded logos

---

Standard and optional colours for both body and stacking bars

---

Recessed areas for barcode or labels

---

Stock ticket holders

---

Textured on all four sides for easy removal of adhesive labels

---

Operational temperature range from -30°C to +85°C

---

Maximum load on bottom container of 162 kg (80 Kg for Half Tray)

---

Two Half Trays stack side-by-side on 600 x 400mm models

---

The Flat Tray has two stacked heights (The lower height is ideal for delicate produce which would be crushed if filled to the maximum loaded height).

---

**Half Tray**  
Two stack side-by-side  
on 600 x 400mm trays

**Flat Tray**  
With two stacked  
heights

**Standard Tray**  
The industry standard  
produce tray

**Deep Tray**  
Deep tray for larger  
loads

**OneNest model**

Reference	Half	Flat	Standard	Deep

Internal dimensions at base (mm)	360 x 260 x 139	554 x 350 x 80	547 x 348 x 171	549 x 349 x 226
Volume when stacked	14.5 litres	16 & 10 litres	34.9 litres	46.2 litres
Weight	1 Kg	1.1 Kg	1.62 Kg	2 Kg
Max load on bottom tray	80 Kg	162 Kg	162 Kg	162 Kg
Volume saved when nested	70 %	62 %	77 %	75 %

**Benefits of  
Using OneNest**

OneNest trays protect contents and promote hygiene throughout the supply chain, from field or food manufacturer to retail point-of-sale.

Smooth surfaces protect contents, while ventilation holes enable fast chilling and help to keep contents at a constant temperature.

Empty trays nest by up to 77% to save valuable space on return transport.

Labelling clearly identifies contents and destination:

- Drop-in label holders
- Textured sides for easy removal of adhesive labels, keeping trays clean and presentable
- Recessed areas protect permanent labels

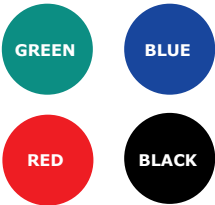

Optional moulded-in logo proves ownership and deters theft.

**Returnable Packaging  
Solutions**

Returnable Packaging Solutions (RPS) is a division of IPL. We are world leaders in sustainable products. Your partner in quality packaging.
