

# Harcostar<sup>®</sup> 350 Litre Magnum

WATER  
SAVING

The Harcostar Magnum is a 350 litre water butt, which is suitable for more sizeable gardens. Manufactured from at least 100% recycled content with a 5 year guarantee as standard.

The Magnum is supplied complete with a childsafe lid and standard hose connector tap. The pre-drilled inlets with stoppers allow for easy-fit of rain trap, linking and overflow kits.

The Magnum does not require a stand and features two tap locations; for hose connection or filling a watering can, enabling easy access to collected rain water.

All water butts are also available as kits, complete with Water Butt, Stand and Rain Trap Kit.

A range of complementary Harcostar accessories is also available including stands, rain trap kits, linking and overflow kits and fast flow taps.

Product	Capacity (litres)	Overall Dimensions (mm)
Magnum	350	780 (dia) x 1200 (h)
